

# SIMTOS 2024

*Showcasing HK's latest Innovations*

HK Laser & Systems is excited to announce that they will be attending the 2024 Seoul International Machine Tool Show (SIMTOS), which will take place on April 1st - April 5th in Seoul, South Korea.

With SIMTOS 2024 being one of the biggest shows of the year, HK Laser & Systems will be hosting one of the largest booths at the show, featuring many lasers and fabrication systems including several new laser cutting systems.

HK Laser & Systems will be showcasing eight machines at the SIMTOS Event, each with a specific feature and purpose.

- FE4015 20kW - Cost efficient laser cutting system for high power
- Brand new RS3015 5kW NLight Mach - High beam profile for faster cutting speed
- FL3015 20kW NLight
- 'OMEGA' HD3015 6kW - Economical laser cutting solution up to 20kW
- TL6527-S 6kW Tube Laser - Heavy duty Tube Laser cutting system
- New SMART-CELL
- RICO Press Brakes - Electric brake with robot automation & Hydraulic brake
- Deburring Machine

SIMTOS 2024 will be an opportunity for many to get a first-hand look at the latest innovations HK Laser & Systems is coming up with for 2024 and beyond.
